Cross Stitch Designs & Fine Needlework Accessories

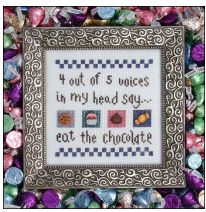

For This Child - insert

MBT-F05

"For this child" is a design that I want to have universal appeal for parents. Whether you are the parents of a single child, twins or triplets, this design can be used for your family. This insert will make it possible to use this design for twins. I suggest stitching it in the middle block, and then stitching the children's names in the top and bottom blocks. The full chart is available for purchase from your local needlework shop. This complimentary design is to be used as an update for those wanting to stitch it for multiple births.

God bless you,
Debbie
